Dear Parents and Carers

We have noticed that some children are bringing energy drinks into school, either in the original bottle or in their drink bottles.

Energy drinks are not recommended for children due to the high caffeine and sugar content. The popular choice at present seems to be the Prime energy drink. Please be aware that the manufacturers of the Prime energy drink advise that people under the age of 18 **do not** consume their product. As this is coming from the manufacturers themselves then it would be advisable to question whether this is a drink that is suitable for children to consume.

Please ensure that your child/children do not bring energy drinks into school.

Kind regards

West Green Primary School
